

**Engineering Innovation and Entrepreneurship**  
**MGMT – 7175\_01**  
**Group Assignment**  
***Group Name and Group Description***

**Group Members:** *Ryan Jankowski, Rohan Pratap Reddy Ravula, Annanahmed Furkanahmed Shaikh, Sarah Stantial, and Shannon Cullen.*

**Group Name:** Convenience for the Inconvenience

**Group Description:**

This group is determined to find a solution to the tiny inconveniences that occur on a daily basis which can range from carrying too many bags to paying for multiple subscriptions for a single show. Our goal is to identify an irritating problem that others overlook and develop a solution for it to make your day easier to get through.

**Pain Points:**

- Carrying multiple weights during shopping
- Waiting for the heat/AC to warm/cool the room/car
- Having the correct item (cable/cord) when needed
- Baggage while traveling
- Paying for multiple subscriptions because each has a different show that you want to watch
